General Information:

ECDC Nursery School is a parent cooperative, which allows parents to be involved in both their child's classroom and the management of the school. Our philosophy is that young children learn through play. We believe that each child should be treated as an individual and should have the opportunity to develop at their own pace.

Parents In The Classroom:

For the children one of the most eagerly awaited days is their Special Day! This is the day when a special person in their lives spends the morning with them in the classroom. Parents participate in the classroom 1-4 times a year as part of the preschool experience.

ECDC Parent Committee:

Is comprised of volunteers, raises funds for and plans enrichment activities for the students. Some activities include Family events, Sleepytime Events, a Fall Fair and Parent Social Events.

Parent Board of Directors:

Is comprised of parent volunteers who assist in conducting the general business of the school
